## SUMMARY

---

A detail-oriented Data Analyst with a passion for transforming complex datasets into actionable business intelligence. Proficient in the end-to-end data lifecycle, including data cleaning, analysis, SQL querying, and creating impactful visualizations with Power BI. Possesses hands-on experience gained through practical job simulations with industry leaders like Deloitte and Accenture. A collaborative team player dedicated to leveraging data to drive performance and deliver insightful solutions.

## EXPERIENCE

---

### **Junior Data Analyst (Cognifyz Technologies)**

Jan 2023 - July 2023

- 1) Transform raw data into actionable insights. I am responsible for collecting, cleaning, and qualifying large data sets using MySQL
- 2) I identify trends and create compelling visualizations and dashboards to report my findings and recommendations to cross-functional teams.

### **Deloitte(Data Analytics)**

Jun 2025 - July 2025

- 1) Completed a hands-on data analytics simulation focused on the end-to-end analytical life cycle.
- 2) Gained practical experience in data cleaning, exploratory data analysis, and deriving strategic insights from complex datasets to address core business challenges.

### **Accenture(Data Visualization)**

Jun 2023 - Dec 2024

- 1) Excelled in a comprehensive job simulation covering both data analytics and visualization.
- 2) Developed skills in transforming raw data into clear narratives by creating compelling visual dashboards and reports that effectively communicate key trends and actionable recommendations to diverse stakeholders.

### **PwC(Power BI)**

Dec 2024 - Jan 2025

- 1) Successfully finished a practical, tool-focused simulation centered on Power BI.
- 2) Gained hands-on pro- efficiency in building interactive dashboards, modeling data, and utilizing DAX functions to deliver powerful business intelligence solutions and drive data-informed decision-making
